1	2019 Registration (expires February 12, 2020)												

****Use Premium fuel for the Water Pump, not provided in spill trailer****

****Scare Cannon requires a propane tank to operate (Read Manual).**

**** Pneumatic skimmer quick set up. Place 3 to 8 drops of 10 W 30 oil in the "air motor inlet" located on the skimmer prior to use. Check oil gauge make sure it has oil for lubrication 10 W 30 oil (located in compartment 1). DO NOT OVERFILL. Apply air control with valve on the oil filter stand, need a consistent supply of air. Air source should be able to consistently supply 140lbs of air to run the skimmer. Hook a vac house on skimmer to recover impacted fluids, or use a transfer pump to pump into a bladder. READ manual before operating. Skimmer is not made to have booms connected to it.**

Read Manuals located in the Spill Trailer before operating.

****Propane not provided in spill trailer**
